Yellow Springs High School, Yellow Springs OH High School Diploma (with Honors)	GPA: 4.0

I am a freelance photographer/photojournalist and writer. I have been taking images and writing professionally for approximately eight years. I have worked with, and am comfortable working with men and women from all walks of life. I eagerly engage with any subject material I am presented with and do my best to represent my subjects fairly, but with a creative flourish. I try to create images and visual narratives that are aesthetically stimulating and also thought-provoking and original.
